

# Goal Setting & Conditions for Success

## Categorize your child's needs using "Triage."

What areas of need impact **The Big Picture**? Include academic, functional, social and communication skills, physical and medical needs.

Resuscitation	Emergency	Urgent	Semi-Urgent	Non-urgent

## Every barrier can be met with a condition for success.

Consider what barriers your child may have towards progress in their IEP goals and what accommodations or conditions for success they may need to meet their goals.

Barrier	Accommodation(s)

### Hi, I'm Ariel!

I am obsessed with helping the neurodiverse achieve success in our schools, workplaces and communities. I believe parents who have children with special needs, also have unique needs themselves. To achieve my goal of helping clients and their families thrive, I offer consultation, advocacy and coaching services.
